Step Up For a Cure

For the fifth year running, Floorworld is proud to partner with the Pancare Foundation in our "Step Up for a Cure" campaign. Pancare is one of Australia's leading charities dedicated to improving outcomes for those affected by pancreatic, liver, biliary, stomach, and oesophageal cancers. With a focus on advancing life-saving research, Pancare is committed to early detection and treatment breakthroughs that will increase survival rates for these difficult-to-treat cancers.

The foundation also provides vital patient and family support services, including specialist nurses, counseling, and support groups, ensuring that no one has to face their journey alone. Through community engagement and education, Pancare is raising awareness across Australia, advocating for change, and striving to reduce the burden of these devastating diseases.

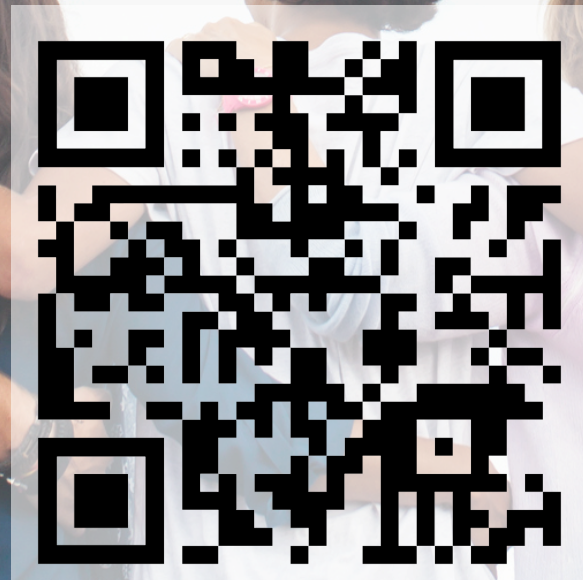

How to Get Involved this November:

By choosing to shop with Floorworld, this November you are helping us support this essential work. A portion of every purchase from any product in this catalogue goes directly to Pancare's programs, funding research and providing critical support for those in need.

You can also donate directly to the Pancare Foundation at:

<https://pancare.org.au/give/online/>

Together, we can step up for a cure and make a real impact on the lives of Australians affected by these cancers.

Responsible Comfort and Durability

Combining softness, durability, and sustainability. This advanced fiber offers a plush feel underfoot while standing up to daily wear, making it ideal for high-traffic areas. What sets Triexta apart is its built-in stain resistance, which remains effective over time, simplifying maintenance without the need for harsh chemicals.

Triexta is also produced using less energy compared to traditional carpet fibers, making it a more responsible choice. With a wide selection of colours and designs, Triexta balances responsibility with comfort and performance, making it a versatile option for any home.

Engineered for Longevity and Everyday Living

Leading the way in innovative hard flooring solutions, offering a diverse range of timber, laminate, hybrid, and vinyl options designed to suit Australian homes. Each product is crafted with cutting-edge technology, ensuring durability, style, and ease of maintenance for both residential and commercial spaces.

Their timber and laminate floors bring the natural beauty of wood to your interiors, combining timeless appeal with the practical benefits of modern materials. The hybrid range offers the best of both worlds—resilient and waterproof, perfect for busy households. For versatile, low-maintenance flooring, vinyl provides a stylish and durable solution that fits any space.

With a focus on quality and innovation, Godfrey Hirst's hard flooring options deliver a balance of form and function, making them a popular choice for Australian living.
